Tweed Thicket

Tweed Thicket

We've added new colors to our popular Tweed Thicket collection to include lush bluegreens: blue suede, French grey and dragonfly. To complement these we are introducing earthtones of butter rum, pink ginger and natural twine.

Tweed Thicket is a yarn-dyed cotton available in 36 colors.

Pluses & Crosses

Inspired by hand stitching and visible mending, Diamond Textiles is combining an array of saturated hues with a special weaving process to create the look of hand stitching. You'll swoon over the accent thread colors that elevate the texture and pattern in these yarn-dyed cottons.

Topstitch

Topstitch

The Topstitch collection features a waffled texture created by evenly spaced running stitches nestled among the warp yarns of this fabric. The contrasting “topstitched” threads give a nod to the time-honored hand stitching techniques of kantha, boro and sashiko.

Confetti

Confetti

Confetti, our new textured woven, is sprinkled with multi-colored squares of woven goodness. The curated color palette includes neutrals in bisque and silver tinsel, a pink ginger medium tone and dark hues of spice and blue suede. Confetti combines playfulness with style.

Primitive Stars

This collection is a year-round favorite! The colors celebrate all the seasons, holidays, themes and styles. We've seen it in patriotic, vintage, contemporary and rustic pieces as well as garments, quilts, and home furnishings for Spring, Fall, Halloween and Christmas.

Sandcastle

Sandcastle

This unique fabric combines a layer of cotton with a woven scrim that is quilted together. Four new colors have been added to this collection. Because of the double layers, this fabric is ideal for hand stitching, machine and hand embroidery projects. Its durability makes it a go-to choice for top-of-the-bed pieces, garments, throw pillows and home decor.
